

SECURE SHOPPING

This website takes every precaution to protect our users' information. Once you login you enter our secure server that has the most advanced SSL certificate. Because every customer must login in to place an order, all transactions are secure. When users submit sensitive information via the website, their information is protected both online and off-line.

Credit cards are processed by a third party using secure 256 bit encrypted servers when the order is placed.

Click on the GoDaddy button on the bottom of the main page to check the SSL certificate.
